Adam Lind Everyone says ignore em and don't pay not mind to em... Well... Not to be rude or dick but its pretty damn easy to say this shit when its not happening to you... And they have literally all your legit info ... Address phone # ... What I drive...when I have my kids.... Think y'all could just pay no mind to all of that? ... Talk shit and call me names ... O boy idc ... But when the shit goes so far as my home address and very personal stuff .. That's when Ima play detective...blast them socially .. Find them .. And break all their fingers with a hammer so they can't type anymore ...

“Depression is such a cruel punishment. There are no fevers, no rashes, no blood tests to send people scurrying in concern, just the slow erosion of self, as insidious as cancer. And like cancer, it is essentially a solitary experience; a room in hell with only your name on the door.”

I used to live there. Worked at Club La Vela AND the Hilton. That was when I was 21, so 20 years ago. It was a nice place to live.

We headed there

Super fun! The owner, Thorston, was arrested for A LOT of stuff I won't say lol. Have fun and enjoy it!
